REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance: The prior art of record fails to teach a medical anchor device in combination with all the elements as claimed and further comprising a plurality of stations defined in the passageways extending from the top towards the anchor base wherein each of the at least one tube holder receives multiple and separate medical tubing to anchor a plurality of medical tubing. Gordon's device does not have a plurality of stations which extends from the top towards the bottom for holding a plurality of medical tubing. Specifically Gordon discloses his device to hold a medical device which has 2 stations which are longitudinal extensions of each other to hold one medical tubing.

Claims 1-21 are allowed over the prior art of record.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
